FROM THE OFFICE OF THE DIRECTOR OF THE CCMA

URGENT DIRECTIVE IN RESPECT OF ACCESS TO THE COMMISSION FOR CONCILIATION, MEDIATION AND ARBITRATION

The following Directives will apply with effect from 11 May 2020 until CCMA operations may be normalized and the restrictions set out in the Regulations issued in terms of section 27(2) of the Disaster Management Act 57 of 2002 provide otherwise.

1. These Directives are issued in conformity with all Directives and Regulations, particularly those issued by the Minister of Employment and Labour and the Minister of Public Service and Administration, issued in terms of section 27(2) of the Disaster Management Act and in terms of the authority vested in the Director of the CCMA in terms of section 118(2) (b) of the Labour Relations Act 66 of 1995, as amended (hereinafter referred to as the "LRA") and will become effective immediately upon publication.
2. These Directives set out how, and under what conditions, matters enrolled in the CCMA will be dealt with until such Directives are repealed. These Directives must be read together with the Rules for the Conduct of Proceedings before the CCMA, as amended (hereinafter referred to as the "CCMA Rules") and all applicable statutes.

3. These Directives are grounded in the projection of a prolonged period of lockdown resulting from the Covid-19 pandemic. Albeit that the President of the Republic of South Africa may announce changes to the levels of lockdown, the extent to which the need for social distancing and other health and safety regulations will remain in place require strict efforts to minimise exposure to the infection.

REFERRING DISPUTES TO THE CCMA

4. The following applies to the referral of disputes to the CCMA:
 - 4.1 Until directed otherwise by the CCMA, parties will not be able to submit physical copies (hard copies) of completed referral forms to the CCMA. CCMA Rule 7 allows, amongst other ways, for service of referrals by means of electronic mail (hereinafter referred to as “e-mail”) and facsimile.¹
 - 4.2 The use of any electronic signature² or electronic confirmation process will be accepted if such proof can be stored safely and retrieved and printed when needed.

CONCILIATION HEARINGS

5. Unnecessary physical contact among persons must be avoided. Thereby, only hearings that are compliant with the requirements of this Directive will be set down for a physical hearing, unless agreed otherwise³ between the Parties and the Commission. The following applies to the resolution of disputes through Conciliation in terms of section 135 of the LRA.
 - 5.1 Where possible, the resolution of disputes through Conciliation, subject to different conditions that may apply to conciliation hearings linked to certain matters of mutual interest or ‘public interest’ disputes, will take place telephonically or through a digital

¹ The CCMA is currently working on alternative online platforms that may be utilized for referral purposes. Once these are ready for use, the public will be notified accordingly.

² In terms of Section 13 of the Electronics Communications and Transactions Act 25 of 2002 (hereinafter referred to as the “ECTA”), an electronic signature means “data attached to, incorporated in, or logically associated with other data and which is intended by the user to serve as a signature”.

³ The parties and the Commission can agree in writing to hold the hearing at an alternative venue or at a CCMA venue.

online platform that is to the satisfaction of the CCMA or the Commissioner. Choice of the form of communication will also depend on that which is available to both parties and to the CCMA.

- 5.2 In the event that the conciliation process could not take place within 30-days from date of referral, and in the absence of any agreement reached by the Parties prior to the expiry of the 30-day period to extend this period, a certificate of outcome will be issued by the CCMA and in terms of section 135(5) of the LRA.⁴
- 5.3 Where Parties agree to settle the dispute, where possible, the terms of the settlement agreement will be recorded electronically and the settlement agreement will be sent to both Parties by electronic means for signature. Where a Party or both Parties do not have access to an electronic signature, the parties and the Commissioner will agree on an acceptable way to record agreement on the content of the settlement agreement and such record will be filed with the CCMA.

APPLICATION PROCEEDINGS (E.G. CONDONATION, RESCISSION, VARIATION, LEGAL REPRESENTATION, ETC)

6. The following Directives apply to interlocutory and other application proceedings.
 - 6.1 Application proceedings, unless directed otherwise by the Commission or Commissioner, will not be scheduled for oral hearings in an open hearing venue. Where application proceedings cannot be dealt with in terms of written submissions, these will be dealt with by video conferencing facilities.
 - 6.2 In circumstances where oral evidence is required and one or more Parties are unable to access one or more form of electronic communication, the CCMA may direct that the matter be heard on a date when conditions related to the Covid-19 pandemic

⁴ Please note that the Labour Appeal Court in *SAMWU obo Manentza v Ngwathe Local Municipality* (2015) 36 ILJ 2581 (LAC)) at par 39, held that “neither the holding of an actual conciliation nor the issue of a certificate of non-resolution by the CCMA or the bargaining council concerned, is a prerequisite for purposes of referring an unfair dismissal or unfair labour practice dispute to arbitration or adjudication in terms of s191(5)(a) and (b) of the LRA, where there has been a lapse of 30 days from the date on which the CCA or bargaining council received the referral and the dispute remains unresolved.”

- 6.5 Where a Ruling is issued by the Commissioner, this will be sent to the parties by electronic means. Where a party wishes to collect a physical copy of the Ruling, this will only be permitted if Regulations and Directives issued in terms of section 27(2) of the Disaster Management Act allow for this and the CCMA is satisfied that occupational health and safety requirements are in place.
